

Task 33

Write the following SQL commands (Do not use MySQL):

- a)
Extract the phone number and address of the Muzik user.
- b)
Get all users whose name ends with A.
- c)
Extract data about users who have an order amount of more than UAH 2,000.
- d)
Count the number of orders in the table.
- e)
Calculate the total amount of orders made.

- a)
`SELECT phone, address
FROM user WHERE name = «Muzik»;`
- b)
`SELECT * FROM user WHERE userName LIKE
«%A»;`
- c)
`SELECT * FROM user u
JOIN order o ON u.user_Id = o.user_Id
WHERE o.sum > 2000;`
- d)
`SELECT COUNT * AS total_orders
FROM order;`
- e)
`SELECT SUM(order.sum)

FROM order;`
